The Prestige Zone was designed for companies operating in Gdańsk or nationally with branches in Tricity.

During sports events, the zone becomes a meeting place for leaders of various industries whose passion for football and love for Lechia Gdańsk attracts them to the stadium. Perhaps your next Business Partner is among them. In the Prestige Zone, we offer you an excellent menu consisting of tasty Polish dishes, as well as attentive staff, a unique view of the football field and a great atmosphere of sportsmanship before, during and after the match. You can relax in the chill zone and children will enjoy the artistic area prepared especially for them.

We are looking forward to having you here. Buying the Business Seats is a perfect opportunity to meet the key clients and talk to prospective contracting partners.
